2. Introduction:

- 2.1. An individual has the right to request from the School both personal information about themselves and non-personal information recorded by the School.
- 2.2. There are 3 main information requests that the School must respond to, namely a Subject Access Request (made under the UK GDPR), a Freedom of Information request (made under the FOIA) and an Environmental Information Regulation request (made under the EIR).
- 2.3. The School is committed to its obligations under the differing information request regimes and must carefully consider which piece of legislation has been engaged before processing a request and issuing a disclosure of information.

3. Policy Purpose & Statement:

- 3.1. This policy is intended to ensure that all information requests are managed correctly by the School and in line with the differing pieces of legislation.
- 3.2. This policy sets out the Schools key responsibilities in regard to each of the three information requests received by the School.
- 3.3. This policy defines the differences between each of the three different types of information requests.
- 3.4. This policy will hold the School accountable for non-compliance with a request for information.
- 3.5. The consequences of failing to comply with a request for information can lead to breaches of data protection legislation, notices or fines from the ICO, a loss of public trust and confidence and reputational damage.

4. Scope of the Policy:

- 4.1. This policy applies to all recorded information held by the School and includes both paper and electronic records.

4.2. This policy applies to any joint ventures entered into between the School and another party.

6.1. Subject Access Requests (SAR).

6.1.1. A SAR is a request for an individual's **own personal information** and is a right of access provided under the UK GDPR.

6.1.2. Third parties can exercise this right and request personal information on behalf of another individual but the School will ensure appropriate identification and authority checks are made prior to processing the request.

6.1.3. The School will, in line with the UK GDPR, accept SARs that are made verbally or in writing in any format (e.g., letter, email, social media etc.) and will provide the requester with copies of the personal data (as opposed to copies of the document the personal data is contained within) when identification of the requester has been verified.

6.1.4. The School will consider a disclosure of personal information against the exemptions provided in the UK GDPR as well as the Data Protection Act 2018 (DPA).  - Details of the appropriate exemption under the Act.
 - Reasons why it considers the exemption applies.
 - Details of the review procedure.
